# MISS M'CORMICK WILL MARRY SWISS HORSEMAN

## Situation in Northern Ireland Is Reported Much Calmer

## ROCKEFELLER'S HEIR IS GIVEN CONSENT OF FATHER TO WED

CHICAGO, Feb. 20.-Mathilde Mc Cormick, 16 years old, today hall the permission of her father. Harold P. McCormick, to marry Max Oser, horseman, of Zurich, Switzerland. Mr. McCormick announced the sh gagoment last night.

The remance of the young granddaughter of John D. Rockefeller was platured by Emil L. Burgy, Chicago pterior decorator, who says he is a first cousin to the Swiss equestrian, as the love of spring and winter Mr Oser is not three times Miss Mc Cormick's age, as the newspapers have stated. He is older. He is 57 years, not 47. He is just my age. 1 am his cousin and I should know, east Burgy.

That Oser is possessed of noble bleed and also has a reasonably large independent income was also stated by Burgy Burgy believes the estimate of the riding master's income at \$10,000 a year is erroncous. "Max Oper's right name is Max von Der Muchi." Burgy said. "His father was a German nobleman, Count von Dor Muell His widowed mother married Sobarian Oser after Sebastian returned to Switzerland from America in 1865. Sebastian Osor has spent many years in Amorica. It is said Sebastian amasced a fortune of \$2.

# SHORT PERIOD

Fire early this morning destroyed the transformer houses of the Retrganized Belcher Divide Mining company, entailing a loss of between \$1000 and \$1500. The conflagration is attributed to a "short," and be fore the men were aware of it the blaze was beyond control. Scott Jameson, superintendent, and a number of the workmen arrived on the scene shortly after the fire started. but were helpless to do anything in the matter.

The destruction of the transformer bouse will necessitate a close-down of the mine for a few days, or until another building and transformer can be provided. This is to be regretted by reason of the fact that only yesterday Superintendent James son started hoisting of a good grade ore now blocked on the 500 level However, it is hoped to have everything in readiness for the resump tion of work upon this well-known Divide property within the next week or 10 days.
